JOSEPH BRIMEYER
FULL STACK WEB DEVELOPER

OBJECTIVE

Highly talented individual with strong analytical skills desires to work as a Full Stack Web Developer at a company where an ability to provide accurate analysis to complex business system problems and suggest useful solutions is needed. Bringing advanced knowledge of JavaScript, C#, React, JS libraries, CSS, HTML, Node, MySQL, Express, MongoDB, and SAP ERP.

EXPERIENCE

FULL STACK WEB DEVELOPMENT BOOT CAMP
(March 2020 – September 2020)
Studied and developed web applications and projects using JavaScript, MERN stack, agile methodology, and GitHub. Utilized technologies including JS, jQuery, React, MongoDB, MySQL, Express, Node, NPM, ajax, API's, HTML, and CSS.

DISTRIBUTION MARKET LEADER
(October 2018 – May 2019)
Performed the role of General Manager for two distribution centers. Responsible for the overall financial performance of the DCs' with over $50 million in annual sales. Supported the SAP ECC system for the organization. Specialist in SAP WM, SCM, QM, BI, and IM.

OPERATIONS MANAGER
(February 2006 – October 2018)
Supported sales growth of over $40 million during my tenure. Managed the implementation of SAP as the pilot location for the organization. Conducted training and operational support for 10 SAP implementations at facilities throughout the country. Worked closely with developers to ensure that the system was properly configured for optimal functionality.
